

OFFICE OF THE PRESIDENT AND CEO

**Webber International University
(Florida and North Carolina Campuses)
2016-2017**

* At the time of the merger, we had numerous discussions with SACSCOC, the United States Department of Education, and the Departments of Education of both Florida and North Carolina regarding appropriate legal structure to best service student needs. While as a legal corporation, St. Andrews Presbyterian College necessarily has a Board of Trustees and corporate officers, these are by bylaw identical to that of its sole member, Webber International University, Inc., and, as the minutes reflect, all University business is conducted at a joint meeting of the two identical boards.
